About US

LACAS was established in 1987. Classes began in January 1988. Within three months, LACAS was referred to in the national daily Dawn as "a center of (educational) excellence".

Since its inception, LACAS has more than justified this praise. It was the first co-educational institution to offer A Level classes. Due to this pioneering effort, the girls of Lahore for the first time got the option of taking the A Level examinations. LACAS offers classes from Preschool to A Level and provides a complete educational experience. Great emphasis is placed on ensuring a stimulating and happy environment that encourages and challenges students to fulfill their academic potential.

All stakeholders of the school including the students, faculty, staff and parents contribute towards a strong school community.

- Spacious, fully air conditioned buildings.
- Large playgrounds and various sports facilities supervised by trained PE instructors.
- Custom-made, fully equipped laboratories for Physics, Chemistry, Biology and Computers.
- Large, well lit Art studios.
- Libraries with a large variety of research material as well as fiction for all grade levels.
- Computerized students information system.

EARLY YEARS PROGRAMME

Reach

Reach Philosophy

The philosophy of Reach is an amalgamation of the EYFS (Early Years Foundation Stage), Cambridge Primary and Reggio Emilia experiential learning approach. An inquiring approach to learning is followed that encourages students to think and question. The curriculum is rigorous, creative and stretches students to their full intellectual potential. It develops a sense of identity in students through knowledge of their cultural heritage, values and society along with an understanding of the global world. It equips students to recognize their responsibilities not just as citizens of their own country but as citizens of the world.

INTELLIGENCE

in the process of dealing with the

World and coming to know it!

-Jean Piaget
(Developmental Psychologist)

CURRICULUM

It is our belief that childhood is a time for fun, warmth, security, exploration and discovery. This belief is reflected in the Reach Programme for Early Years at LACAS. Our Curriculum provides opportunities for children to take responsibility, make decisions, learn through play, develop self-worth and nurture creativity. This hands-on, interactive, technology-integrated learning programme provides a comprehensive approach to building cognitive, social, emotional, physical and language skills in our children.

Reach Curriculum Framework for Playgroup, Pre-Reception and Reception develops skills in the domains of communications, language and literacy, mathematics, knowledge and understanding of the world, music and movement, visual arts, dramatic play and physical education.

The different elements of the Reach Curriculum are tied together through a theme based approach whereby the various domains of curriculum are integrated through a theme. Each Reach classroom enhances students' learning through well-equipped Learning Centres which offer a rich variety of spaces, materials and activities especially organised to promote active exploration and mastery. The three year Reach Programme aims at providing high quality, developmentally appropriate education. It strives to develop independent thinkers and lifelong learners equipped with the skill set crucial to their success in the coming years.

LACAS INTEGRATION

OF TECHNOLOGY IN EDUCATION (LITE)

Technology is an integral part of the life of every 21st century child. To cater to the differing learning styles and abilities of our students, the organization aspires to use technology across the curriculum to provide global learning experiences that extend beyond the walls of the classroom. We aim to produce technologically skilled lifelong learners who are prepared to successfully thrive in today's highly competitive, global society. The staff are empowered to make informed decisions, with state-of-the-art resources and equipment, so that students' potential is capitalized effectively through the meaningful integration of modern technologies.

ACADEMIC YEAR

The academic year at LACAS is divided into two terms. Students are assessed on a regular basis. This includes continuous assessments and examinations. Continuous assessments are based on class assignments, projects, quizzes and presentations during the course of the year. Examinations are conducted at the end of each academic term.

DEPARTMENT OF ACADEMICS AND PROFESSIONAL DEVELOPMENT

The academic department designs the scheme of studies along with its resource for all the campuses of LACAS and ensures its complete implementation as per the set learning objectives and criteria.

The department ensures healthy teaching practices across all grades and subjects through extensive incorporation of activity and inquiry based approaches. The 'Khel Khel Mein', 'Writer's Retreat' and 'Explore the World' sections in the Urdu, English and Social Studies scheme of studies explicitly enable students to relate their classroom learning to real life situations making education fun through experiential learning.

"The English Language Buddies" have been introduced in each branch. These language buddies work together with their co-teachers on crafting effective lesson plans with special emphasis on language proficiency and their optimal execution in the classes.

Academic Facilitators observe classes and guide faculty members on the latest teaching practices. They are available full-time in each branch and provide support wherever required including (and not limited to) provision of resource material, taking demonstration classes, assisting with lesson plans and suggesting different activities that can enhance learning within the classrooms.

The academic and teacher training department helps to realize the school's vision of a strong enquiry based curricula taught by an experienced, trained and motivated faculty. It instills in both the students and the faculty a deep-rooted passion for the acquisition of knowledge that ensures lifelong learning.

O LEVEL AND A LEVEL

Upon successful completion of Grade VIII, students will transfer to the O Level Programme. Parents and students are given all necessary guidance to help them make an informed decision about O Level subject options at this critical stage of the students' academic career.

The students take Cambridge International Examinations for two compulsory subjects (Pakistan Studies and Islamiyat) at the end of Grade X.

Admission to A Level is determined on individual merit, the criteria being the applicants' O Level result, past academic performance and previous disciplinary record. All applicants are interviewed by the admission panel. The A Level programme at LACAS offers a wide variety of subjects which enable our students to enter top national and international universities.

ACADEMIC/ CO-CURRICULAR SCHOLARSHIPS

LACAS has a scholarship programme at A Level that honours academic as well as co-curricular achievements. All scholarships are reviewed twice a year. Students must maintain 85% attendance and requisite grades in all subjects for merit scholarships to continue.

Limited scholarships are awarded for sports and co-curricular activities. The recipients are expected to maintain at least 85% attendance and to actively represent LACAS at inter-school competitions and contests.

SUBJECTS OFFERED

O LEVEL

Compulsory:

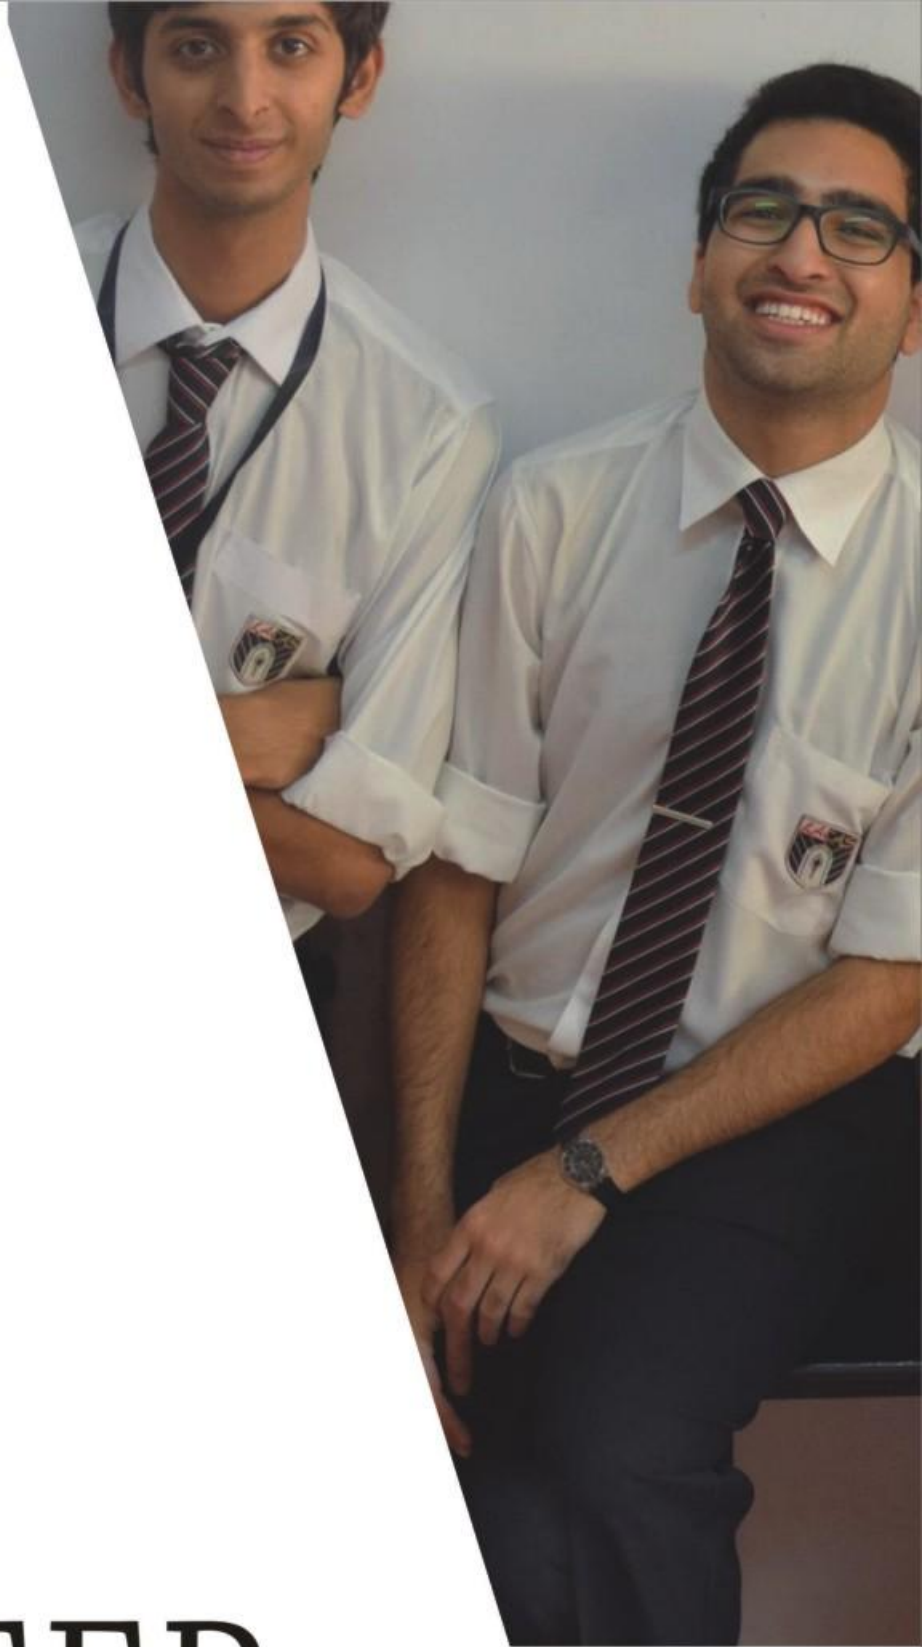

- English Language (1123)
- Mathematics (4024)
- Urdu - First Language (3247)
- Pakistan Studies (2059)
- Islamiyat (2058)

Optional:

- Physics (5054)
- Chemistry (5070)
- Biology (5090)
- Economics (2281)
- Principles of Accounts (7110)
- Business Studies (7115)
- Additional Mathematics (4037)

CAREER GUIDANCE DEPARTMENT

**THE GUIDANCE OFFICE ALSO
INFORMS STUDENTS ABOUT
INTERNSHIPS, COMMUNITY
SERVICE AND OPPORTUNITIES
FOR PAID & VOLUNTARY WORK.**

The Guidance and Career Counseling Department at LACAS provides information and assistance to all LACAS students from subject selection in the O Level and A Level to university placements. The counseling office conducts individual as well as group sessions with students. These sessions facilitate them with their university choices, inform them of available scholarships and aid them with university applications for both foreign and local universities.

The Annual College Fair is held every year at the A Level campuses where universities from all over the world participate. University representatives visit the campuses, guide the students and provide them insights into their respective colleges. The counseling department also conducts seminars where local and international colleges visit the A Level campuses and give detailed talks on the admission processes and requirements.

SAT CLASSES

On-campus SAT classes are offered at subsidized rates.

TEST CENTRE FOR OXFORD AND CAMBRIDGE ENTRY EXAMINATIONS

LACAS is a registered Test Centre for Cambridge and Oxford entrance examinations.

LANGUAGES

The following languages are offered in order to broaden the horizons of our students to become global citizens.

- French
- German

CO-CURRICULAR

- Public Speaking Society
- Sports Society
- Social Responsibility Society
- Mathematics and Science Society
- Logistics Society
- Music Club
- Debating Society
- Performing Arts Society
- Literary Society
- Media & Publications Society and many more

PRIDE OF LACAS

SHAHEER NIAZI | KHADIJA NIAZI

Our sibling duo are young scientists who represented Pakistan as Guests of Honour at the 6th Philanthropic World Economic Forum at Davos in 2013. In 2012, both Grade VI students at that time, were acknowledged by the Time Magazine as the youngest ever to complete Udacity's Physics 100 class of Stanford University with Highest Distinction.

SHAHEER NIAZI

**PUT PAKISTAN ON THE
GLOBAL SCIENCE MAP, 2017**

17 YEAR OLD LACAS STUDENT'S PHYSICS
PAPER HAS SURPRISED SEASONED SCIENTISTS

Shaheer put his country on the world map in the area of scientific research. His ground breaking work on electric honeycombs has been published in the prestigious Royal Society Open Science Journal garnering international acclaim.

**ELECTRIC HONEYCOMBS FORM WHEN
NATURE GETS OUT OF BALANCE**

ALUMNI

USHNA SOHAIL

A LEVEL CLASS OF 2015

Ushna is Pakistan's first world-ranked female tennis player in singles and doubles. She represents Pakistan and competes on the ITF Pro Circuit tour. She was the South Asian Games Double Bronze Medalist in singles and mixed doubles in September 2014. She became the first female tennis player from Pakistan to participate at the Asian Games, South Korea in 2015. She made to the semifinals of three tournaments at Sharm el-Sheikh futures. Till date, she maintains the Top Position at Pakistan level.

ANSER AFTAB

A LEVEL CLASS OF 2007

Anser not only Topped in the World in A Level History, Law and Sociology, he was also declared Best Speaker in the World Schools Debates in South Korea in 2007. He did his PhD from Cambridge University, UK.

MEERAN KARIM

A LEVEL CLASS OF 2009

Meeran Karim at a tender age of 18 years, represented Pakistan in a panel of six young active citizens who challenged world leaders to act on global issues at the World Economic Forum in Davos, Switzerland in January, 2009. They represented Our Global Change makers - an organization of young people working on community projects and campaigns. Meeran completed her Master's in Broadcast Journalism from City University, New York in 2017.

DR. WIJDAN RAI

A LEVEL CLASS OF 2007

Dr Wijdan is a Agha Khan University Graduate. Moreover, she is specializing as a Neurologist from Ohio State University.

DR. YAQOOB KHAN BANGASH

A LEVEL CLASS OF 2000

Dr. Yaqoob Khan Bangash is a historian of South Asia and currently Assistant Professor and Chairman of the Department of History, Forman Christian College, Lahore. He has worked on a monograph on the imagination of Pakistan as a country. Dr. Bangash has taught History and Politics at Oxford University, UK, from where he received his DPhil in 2011. He graduated, Summa Cum Laude, from the University of Notre Dame in 2004.

RAISSA CHUGHTAI

A LEVEL CLASS OF 2017

Raissa Chughtai was chosen to sign the Queen's Baton Relay, in recognition of the Gold Award she received in the 2013 Commonwealth Essay Competition. She is writing her message on the 33rd Queen's Baton Book, produced for a leadership programme for commonwealth citizens. This opportunity was provided to one young person each from 70 Commonwealth countries. Currently she is doing her Undergraduate from Harvard University on 110% scholarship.

RANIYA HOSAIN

A LEVEL CLASS OF 2017

First ever Pakistani Winner in Senior Category of The Queen's Commonwealth Essay Competition 2014

Chosen from approx. 9400 students from 44 participating countries, Raniya Hosain's story of an elderly and impoverished Pakistani fruit seller who inspires generosity and laughter in those he meets won her the Top Position out of over 3500 entries from all across the globe by a panel of Commonwealth Judges at The Queen's Commonwealth Essay Competition, Senior Category, 2014. The young prodigy received her certificate from the Duchess of Cornwall in November, 2014.

Raniya is currently pursuing her Undergraduate from Kings College, London.

A LEVEL CLASS OF 1989

A graduate from Virginia Tech, Arslan is currently a Partner at DC mobility, a Virginia based Engineering services firm providing telecommunications solutions to government and corporate customers around the world.

MALIHA NOORANI

A LEVEL CLASS OF 1998

Maliha Noorani holds a BFA Honors from National College of Arts in Lahore, Pakistan. She received her MA in History of Art and Archaeology from the School of Oriental and African Studies in London and went on to work at Sotheby's London and Asian Art Archive, Honk Kong. Maliha

was the Norma Jean Calde-wood Curatorial Fellow in the Department of Islamic and later Indian Art at the Arthur M. Sackler Museum and the Harvard Art Museum. She did her PhD from Yale University.

HASSAN SHEHERYAR YASIN (HSY)

A LEVEL CLASS OF 1997

Hassan Sheheryar Yasin known as H S Y, is a Pakistani Fashion Designer. He was salutatorian of the Pakistan School of Fashion Design (class of 2000). Yasin is affiliated with the La Chambre Syndicale De La Couture Parisienne in France. He holds an honours degree in couture and serves on the Board of Directors and the Executive Committee of the fashion institute he graduated from. Hassan Shehryar hosts a prime-time talk show "Tonight with HSY" on Hum Sitaray. In 2003, Karachi-based Diva Magazine placed Yasin on the cover of their "Most Powerful People" issue and as one of their ten "Faces of the Year".

SELINA R. KHAN

A LEVEL CLASS OF 2001

Selina was among the first ten students admitted to LACAS. She is currently the CEO at Lotus Client Management & Public Relations.

CAD

CENTRAL ACTIVITIES DEPARTMENT

The Central Activities Department (CAD) is the creative quotient of LACAS, facilitating co-curricular activities in all its campuses. Every year, CAD produces one of the biggest Performing Arts Festivals at school and college level - Urain Ge, with a vision to revive pure performing arts for students. CAD has also developed and implemented the social studies syllabus ETW (Explore the World), where learning takes place through creative hands-on projects. CAD works closely with all LACAS branches in executing co-curricular clubs, where students learn life skills like gardening, DIY (Do It Yourself) projects, camping, cooking etc. Such initiatives demonstrate our belief that real education aims at developing well rounded personalities with an effective balance between academics and activities. We strive to nurture our students' talent across the broad spectrum of performing arts like music, theatre, monologue, drama, dance etc, to carry forward the tradition of being a pioneer of the liberal arts. CAD revamped the concept of International trips for students. LACASians have trotted across the globe with not only the purpose of recreation but understanding international cultures.

China 2012
Turkey 2014
Italy, France, Switzerland 2015
Spain 2017
Amsterdam, Paris, Belgium 2017
Europe 2018

ETW

Explore the World (ETW), is an interactive concept to motivate students to get to know their world better. The unique nature of the programme comprises of features like Quiz, reality shows, creating their own imaginary countries, Wax Museum of historical figures and maintaining passports. Learning is further enhanced through unique projects, lap books and 3D models.

KHEL KHEL MEIN

In order to improve the Urdu linguistic skills of students, LACAS introduced an activity by the name of 'Khel Khel Mein' from grade II to grade VII.

CLUBS

A wide range of clubs are introduced to students in order to nurture wholesome individuals who are not only academically capable but also equipped with life skills. Real time learning is carried out through Gardening Club, DIY club, Junior Chef, Social Work etc. Other interest based clubs include music, dance, film making, sports and theatre.

DEBATES PROGRAMME

The LACAS Debates Programme is one with a distinguished history and culture: a comprehensive curriculum focusing on developing leadership skills and promoting social responsibility; formally assessed with provision of transcripts and university recommendations. The Programme boasts of a panel of world class coaches tutoring a collective camp of students from all campuses. Thorough practice sessions, participation in the best national and international tournaments along with awards and recognition are its hallmark. Furthermore, academic support, student council positions and a well established system of scholarships are its key features.

SONDHI DEBATES

The Sondhis are Pakistan's most prestigious and oldest World Schools Debating Championships. We pride ourselves on providing students with innovative opportunities to engage with debates, whether it be students speaking against their coaches, against university level teams or against international teams. In this tradition, we have, for the past 3 years, sent a Team Sondhi, comprising of the best speakers from the tournament to an international tournament of repute. In 2014-15 we attended the EuroPen, winning the championship. In 2015-16 we attended the Eurasian Schools Debating Championship, ranking 3rd in the preliminaries. In 2016-17 we attended the Asian World Schools Debating Championship, ranking 3rd in the preliminaries and losing to the eventual champions, Peru, in the Octo-Finals.

BEYOND BORDERS

LACAS A Level students won India Today Cup for three consecutive years.

“

Pakistan's flag rose the **highest** amongst 100 top debating teams of the **world** at **Winter Holidays Open Debating Tournament 2017**, in Croatia, as Team Sondhi from LACAS stood as the **Winners** of the Tournament.

COMMUNITY SERVICE PROGRAMME

It is our belief at LACAS that part of a "complete" education is to instill in the students a sense of responsibility towards society; one in which they are lucky to be among the privileged few. To this end LACASians students regularly organize fund raising events for several charities including CARE, Shaukat Khanum Memorial Trust Hospital, Fatima Jinnah Memorial Trust Hospital, The Citizens Foundation, PSRD and Afiat Old People's Home to name a few. LACAS also actively works on social work projects that it adopts from time to time. Some of the major social work campaigns undertaken by LACAS include relief effort for the earthquake victims of Pakistan and the construction of five hundred shelters in 2005; relief for the Balochistan Flood victims in 2007; relief effort for the Pakistan flood affectees in 2010 that included rehabilitation and the reconstruction of three villages in Charsadda, Khyber Pakhthoonkhawa, where a total of ninety three houses were constructed by LACAS. We have also adopted a school for less privileged children in Barkatpura village. Since 2013, we have been in liaison with Sundas Foundation to help thalassemia patients.

RULES AND REGULATIONS

While rules and regulations are necessary, it is our expectation that each student will himself/herself come to realize the value of self-discipline. Admission at LACAS implies agreement on the part of students to accept and willingly observe reasonable standards of accountability, appearance and good conduct.

ATTENDANCE

- Written applications must be brought for all absences; approved absences will not be fined.
- Sick leave applications exceeding two days must be supported by medical certificates. Late arrivals will be sent back.

UNIFORM / GROOMING

It is mandatory for all students to adhere to the grooming and uniform regulations at all times.

CONDUCT

Any student found guilty of indiscipline, misconduct / misbehavior or found disturbing the atmosphere and smooth running of the institution shall be liable for disciplinary action.

ACADEMIC DISCIPLINE

It is mandatory for students to maintain at least 85% attendance and sit for all informed tests / examinations in order to be promoted to the next class and / or to be registered for O and A Level Examinations.

FEE POLICY

- All charges except security deposit are non-refundable.
- Fee is charged on a bi-monthly basis.
- Fee bills are issued 10 days prior to the due date.
- There are fines for late payment of dues.
- Students with outstanding dues will not be allowed to attend classes or sit for examinations.
- Security must be collected within 6(six) months of leaving school.
- One month notice is required for withdrawal, failing which School Leaving Certificate / Reports may be withheld by school authorities.
- The management reserves the right to revise the fee structure and school rules and regulations as and when required.
- The fees and other charges are subject to annual increase.
